NO ANTI-AMERICAN FEELING IN MEXICO

Reports are Declared to be False.

AMBASSADOR MAKES A REPORT

He Says If There Should Be Any Local Disturbances They Will Be Rightly Handled by the Mexican Government—Uprising Not Anticipated.

Washington, Sept. 8.—eclaring to be false the reports of a bitter anti-American feeling in Mexico and an organized revolution against President Diaz, David E. Thompson, American ambassador, has made a detailed report to the state department by mail which could not be conveyed in his former dispatch.

He has renewed his request that in compliance with the wishes of the Mexican president, this government should take steps to suppress the Mexican revolutionary junta at St. Louis, which publishes in a Spanish paper called Regeneracion. He contends that articles that have appeared in certain newspapers of the United States discussing alleged dissatisfaction with the administration of President Diaz and asserting that an insurrection of possibly far-reaching consequences are incubating, are wholly without foundation, and of inestimable harm to Mexico. He characterizes the troubles that already have occurred as nothing more than small labor riots. The fact that such publications give enormous ideas to many is greatly deplored by the ambassador. He adds:

"If there should be any local disturbances they will be handled rigidly by the Mexican government. Such a things as a general uprising is not to be seriously considered."

Numerous telegrams have been exchanged between the state department and Ambassador Thompson in relation to the publishers of Regeneracion, in which the ambassador has suggested that if these men could be dealt with as anarchists, President Diaz would feel a deep gratitude. The suggestion made by Mr. Thompson followed interviews he had with President Diaz in which the latter expressed the earnest hope that the United States government could take steps to prevent the further circulation of the paper.

The state department immediately referred the dispatches of Mr. Thompson to the department of justice, with a view to ascertaining what measures might be taken against the newspaper Regeneracion of its publishers. In that department an investigation is now proceeding, but no information could be had as to what form it is taking.

Clerks Will Expose Irregularities.

New York, Sept. 8—A special from Atlantic City, N. J., says that the American Institute of Bank Clerks, with a membership of 6,700, decided at its annual convention here that it was the duty of clerks in financial institutions to expose irregularities on the part of their superiors. The convention burst into ironical applause when Dean Joseph Johnson, of the New York University School of Commerce referring to the Real Estate Trust company scandal, said: "Even the people in Philadelphia today have a great deal of confidence in banks."

Reduced Rates for Sailors.

Washington, Sept. 8.—The suggestion has been made to the navy department that if arrangements could be made with the railroad companies to carry the sailors of the navy at half fare or reduced rates it would be of great benefit to the service and would cause the enlistment of more men from the inland towns who are compelled to pay the full fare out of their own pockets when they wish to see their homefolks. The sailors of the British navy are permitted to travel at reduced rates.

Large Gold Purchase.

London, Sept. 8—The United States government engineers of excise from the Bank of England Friday, nearly $7,000,000 in gold obtained from this source during this week.

BEARD SMASHES IN DOORS.

Former Asylum Inmate Causes Terror At Girard, Ala.

Columbus, Ga., Sept. 8.—"Goub" Beard, a former resident of Girard, Ala., who has been an inmate of the Alabama insane asylum twice, and who may go there again, is in the lockup in that city after having created great excitement and terrorized a family on the outskirts of the town.

Going to the residence of John Clegg, Beard battered down the front door with an ax, went in and frightened the children, the parents being off at the bedside of a dying relative. It is said he slapped the children, but did not undertake to harm them in any other way.

It is said that Beard has done some queer things during the past few days, evidencing that he is again suffering from metal derangement. One of the deeds laid at his door was driving off several miles in a negro's buggy, and another was driving a mule and cow belonging to a neighbor several miles out in the country. Standing on the Chattahoochee bridge, swinging two cats by the tail, was his favorite recreation several days ago.

Beard once escaped from the Alabama insane asylum, and his really remarkable adventures he described in details in a letter to friends at home. When he returned from the asylum the last time he declared that he had been discharged by the physicians.

Ascended to Make Good.

Chicago, Sept. 8—A dispatch from Oconto, Wis., says that after drifting helplessly 14 miles, 2,000 feet above the earth in an airship he could not control, William Matterey, of Chicago, aeronaut, made an ascension from here and disappeared from view. When last seen Matterey's unmanageable aerial craft was hovering uncertainly over Green bay, still buoyant but drifting out over Lake Michigan. Matterey made the ascension against his judgment knowing that the machinery had been broken and spliced; but the crowds, eager to see a man risk his life, declared that the story of a broken propeller shaft was told as a ruse to avoid making the ascension. Therefore Matterey went up just to "make good."

Negro Broke Into Chaingang.

Nashville, Sept. 8.—Robert Jenkins a negro, climbed over the high wall surrounding the state prison, secured a striped suit of clothes and fell in line for breakfast. After eating he fell in line again and went to work in the foundry before he was discovered. Jenkins was sent up for grand larceny, and after serving his term, was discharged on August 10. He explained his action as follows: "I gits better grub to eat in here," said Bob. "Where I been boardin' dey puts de butter clean ercross on de other side of de table and de lan'lady didn't gimme but two biscuits. Out here at de pen Captain Sol doan hol' back nuthin' ter eat."

The Manchuria Rests Easy.

Honolulu, Sept. 8—The Pacific liner Manchuria rests easily on the reef on which she struck and it has been ascertained that she is structurally but little damaged. Captain Metcalf is making very extensive preparations to save the Manchuria. There is 24 feet of water in the hold of the transport Sheridan. Captain Humphrey, the naval commander at this port, expresses his absolute confidence that the boat will be saved. Captain Peabody on the other hand says that the vessel is practically a hopeless wreck.

Killed by Lightning.

Huntsville, Ala., Sept. 8.—Willis Warren, a prominent young farmer of Lincoln county, Tennessee, was killed by a bolt of lightning at his home south of Fayetteville. One young son was stunned and so badly injured that he is not expected to recover, while Mrs. Warren was severely stunned. During the same thunderstorm a bolt of lightning set fire to and destroyed the barn on Warren's place.

Want Railways Nationalized.

Liverpool, Sept. 8.—Without any discussion the Trades Union congress today unanimously instructed the labor members of parliament to introduce a bill providing for the nationalization of all railways, canals and mines in the United Kingdom.

STENSLAND IN HANDS OF U. S. AUTHORITIES

With President of Wrecked Milwaukee Avenue State Bank Immediately, According to Advices Received from State's Attorney Olsen.

It is believed that Olsen and Keeley will start for home with Stensland immediately.

YOUNG WOMAN'S TRAGIC DEATH.

Shot Through Head by a Pistol's Accidental Discharge.

Greenville, S. C., Sept. 8—Miss Lucile Haddon, a beautiful young woman about 18 years of age, daughter of Mrs. Sarah E. Haddon, who keeps a boarding house, met death in a most shocking and tragic manner. She was shot through the heart by the accidental discharge of a pistol which evidently fell to the floor while she was removing several articles of clothing from a trunk.

Miss Haddon had only a few minutes before returned from shopping, and while out she bought a bottle of gasoline to clean a skirt. She went to her room and a few moments later the report of a pistol was heard. When members of the family reached the room the young woman was lying on the floor gasping for breath. She never spoke. No one else was in the room when the accident occurred.

The bottle of gasoline was on the floor near the body and a smoking revolver of 41 caliber was near the trunk, which was open and from which the unfortunate girl had removed several garments.

Miss Lucile was of a sunny disposition, and she was in her usual happy humor. The pistol was a gift to her two years ago, and she always kept it in her trunk.

There is not the least ground to support a suicide theory.

The Haddons are well known and highly respectable people, and live in a very desirable section of the city.

Mrs. Haddon, mother of Miss Lucile, has been a widow for a number of years. She supported herself by keeping boarders.

Result of Courtmartial.

Warsaw, Sept. 8.—The trial of the agitators and the soldiers of the Warsaw garrison chraged with spreading the propaganda of the military league, including two officers, resulted in the sentencing of two of the accused to imprisonment for life. The officers were found guilty only of cognizance of the propaganda. One of them was exiled to Siberia and the other was condemned to three years' imprisonment in a fortress. Most of the spirit shops in this city have been closed because of the robberies of such establishments.

Will Call Off Primaries.

Nashville, Sept. 8.—A Birmingham, Ala., dispatch to the Banner says that the Republican state executive committee will call off the primaries decided on for the latter part of this month and a full state ticket will be named by the committee. It is understood that Charles Scott, of Montgomery, will be nominated for governor, and that A. D. Wimbs, a negro, will withdraw as a candidate for lieutenant governor.

Will Elect a General.

Rome, Sept. 8.—This being the last day of the quadrivium preparatory to the election of a general of the congregation of the company of Jesus Saturday, additional prayers were offered up by the delegates in their quarters in the college and special prayers were also said in all the Jesuit churches.

SLAIN WHILE EATING SUPPER.

The Load of Buckshot Took Effect in the Head of Farmer.

Moultrie, Ga., Sept. 8.—John A. Johnson, a prominent farmer of the lower part of this county and who was a former county commissioner, was assassinated while sitting at his supper table surrounded by his family. He was shot and instantly killed with a load of buckshot that took effect in his head and brain.

The assassin took deliberate aim and shot through a hole in the clay chimney of the side room used as a dining room. The shooting occurred during an electrical storm and the family thought at first that lightning had killed the father.

Sheriff Campbell was called from Moultrie, but he has been unable to fasten the responsibility of the killing on any one known in the community. Johnson was a very peaceful citizen, and was not known to have any enemies.

A track appearing to be that of a white man, was followed from the corner of the chimney in the direction of an old mill near by.

Coroner Barber held an inquest, but there were no important witnesses.

The verdict of the jury stated that the killing was by unknown parties. Sheriff Campbell is still in the community investigating the mystery.

Was Shot in the Dining Room.

Lexington, Ky., Sept. 8—F. M. Holland, brother of C. D. Holland, postmaster at McPherson, Ga., was shot and dangerously wounded by Buck Nolan, a barber in the dining room of the St. George hotel at Winchester Thursday night. Holland engaged in a quarrel with Nolan and when he entered the dining room it is alleged he renewed the quarrel. Nolan arose from his seat and fired. Holland is shot through the right lung. He is the representative of the Kentucky Central, Sick and Accident Insurance company, of Louisville. Holland is 34 years of age, and single.

Cable Breaks, Killing Six.

Merida, Yucatan, Sept. 8—The parting of a cable on the British steamer Halls, in the port of Progresso, caused the instant death to six men. The men were in a small boat alongside the steamer, which was being unloaded, when several tons of boxed machinery broke from the hoists and crashed down squarely on top of the small boat and two were rescued unhurt. It is understood that the boat will be detained in port until an official investigation can be made of the accident, which has excited much comment. All the dead are Mexicans.

No Foundation to Revolution.

Ft. Worth, Tex., Sept. 8.—General Manuel Sanchez Rivera, commander-in-chief of the Mexican cavalry forces, is in the city and while here may purchase army horses. General Rivera says there is absolutely no foundation for the reports of a probable revolution in Mexico Sept. 16, and declares that the feeling of Mexicans for Americans was never more amicable. He points to the fact that his son-in-law is an American, and chief engineer of the Mexican National railroad.

Ripped Wound With Fingers.

Louisville, Sept. 8—Harry B. Pyne, head of the firm of Harry B. Pyne & Co. machinery manufacturers, committed suicide at his home. He first made an effort to end his life by shooting. This failing, he drew a dull razor across his throat and then tore the wound apart with his fingers. His wife and others witnessed the tragedy. Ill health, due to kidney trouble, and insomnia, is believed to have caused the deed. His father lives at Hot Springs, Ark.

Wreck at Fitzgerald, Ga.

Fitzgerald, Ga., Sept. 8—As a train of freight cars was backing onto a side track here, a switch engine was run head-end into the freight, derailing both engines and seriously injuring Kelly, the engineer of the freight. The accident is attributed to the failure of an airbrake.

Fire Caused a Panic.

Chicago, Sept. 8.—A fire in a building adjoining the John M. Smith school at Thirteenth street and Blue Island avenue, caused a panic among the thousand pupils and several of them were slightly hurt in a rush for the exit.

HELD BY OFFICER; CUT HIS THROAT

Charged With Horse Stealing. Man Attempts Suicide.

FOUGHT OFFICER DESPERATELY

Officer Mashburn Had Gone to Telephone the Police Headquarters for an Officer When Prisoner Suddenly Drew His Knife.

Atlanta, Sept. 8.—While held under arrest by Officer Mashburn, on the charge of horse stealing, Eber Echols, 45 years old, who lives at 10 Corley street, Friday morning about 10 a. m. drew his pocket knife and cut his throat. He was carried to the Grady hospital and is in a serious condition.

Echols was arrested by Bicycle Officer Mashburn at the corner of Harris street and Piedmont avenue. He had been carried into Tietlebaum's store, on Butler street, near Harris, and Officer Mashburn was standing at the telephone, calling for a patrol wagon. Echols was not handcuffed. Glancing around, Officer Mashburn saw Echols with his right hand upraised and a pocket knife gleaming in his hand. Thinking the man was about to cut him, he grabbed his arm.

Echols was too quick, however, and drew the knife blade across his own throat, cutting a deep gash three inches long. Blood spurted all over the bicycle officer, who undertook to take the knife from Echols and prevent him doing himself further harm. The man fought furiously, seeming bent on killing himself, but was finally overpowered. An ambulance was called and he was sent to the Grady hospital in what was thought to be a dying condition.

Echols was charged with stealing a horse from a negro named Henry Watts, who lives at the corner of Tenth and Jackson streets. It was alleged that after stealing the horse he sold him to some one in East Point, Ga.

Boasts of Killing 16 Persons.

St. Petersburg, Sept. 8.—Among the students arriving here are many irreconcilables, an extreme example of whom is an 18-year-old youth from Warsaw, who boasts that this summer he killed 16 policemen or soldiers with his own hand. At a meeting tonight of social democratic and social revolutionists university students, it was decided not to oppose the reopening of the universities scheduled for Oct. 14, thereby furnishing a strong possibility that a paralysis of the educational life of the country, which has lasted for two school years, may soon be ended. Among the student masses there has grown up a feeling of resentment against the tactics which are depriving them of education.

Attempted to Kill Krichnovsky.

St. Petersburg, Sept. 7.—It became known Friday that an attempt on the life of M. Krichnovsky, vice minister of the interior, was made a few days ago. A revolutionist, attired as an army officer, appeared at the chancellory of the minister and asked for an audience of the vice minister but while the revolutionist was waiting for an answer, a porter noticed that his uniform was incorrect. Before the man could be arrested he became aware that he was the object of suspicion and succeeded in escaping from the building.

MERCURY A DECEPTIVE TREATMENT

Mercury and potash are very deceptive treatments and the blood poison sufferer who depends on them for a cure is sure to be disappointed. These minerals will remove the external symptoms and shut the disease up in the system for a while, but the trouble will surely return and the loathsome symptoms of sore mouth and throat, copper-colored spots, falling hair, sores and ulcers etc., will be accompanied by the disastrous effects of the treatment. The continued use of these strong minerals will completely ruin the health and weaken the system to such an extent that the original disease often becomes incurable and sometimes fatal. Mercury and potash eat out the delicate lining of the stomach and bowels, destroy the gastric juices, producing chronic dyspepsia, cause mercurial Rheumatism, salivation, and where they are taken in large quantities cause necrosis or decay of the bones. S. S. S. is the only remedy that can cure Contagious Blood Poison surely and safely. This remedy of nature, made entirely of roots, herbs and barks, antidotes and destroys the powerful virus of the disease and by purifying the blood of every particle of the poison and enriching and strengthening this vital fluid it removes every symptom and leaves the body in a strong, healthy condition. When the blood has been purified with S. S. S. the cure is complete, and not one vestige of the poison is left for future outbreaks. Do not waste valuable time, and damage your health with the mineral treatment, but cure your case with S. S. S., an absolutely safe remedy. We offer a reward of $1,000 for proof that S. S. S. contains a particle of mineral. Book with instructions for self treatment and medical advice without charge.

OFFICER STORY MADE GOOD HAUL

Captured an Alleged Express Robber a Day or Two Ago.

WAS TURNED OVER TO SHERIFF

Officer Story Did Not Learn the Negro's Name, But Declares He is the Same Man Who Robbed Express Offices at Crystal River and Citronelle.

Deputy Sheriff L. E. Story of Windsor has another feather in his cap, having succeeded in arresting in Ocala a day or two ago an alleged robber of the offices of the Southern Express Company at Crystal River and Citronelle, on the West Coast division of the Atlantic Coast Line, on Thursday of the past week.

Officer story, who arrived in the city Friday, stated that he did not know the man's name, nor did he endeavor to secure it, as he turned him into the custody of the Marion county officials as soon as he was arrested.

It is not known what the robber secured at Crystal River, but at Citronelle the officer states that he secured a suit of clothes and $40 in cash. After leaving Citronelle he proceeded to Dunnellon and was in the act of attempting an entrance to the depot there when he was detected and made his escape. Mr. Story, who was in Dunnellon at the time, saw the negro running. He took the afternoon train for Ocala, and one of the very first men he saw after getting off in Ocala was this negro, whom he recognized by his general appearance. He immediately placed the man under arrest and took him to the court house, when he was turned over to the sheriff.

Starving to Death.

Because her stomach was so weakened by useless drugging that she could not eat, Mrs. Mary H. Walters of St. Clair St., Columbus, O., was literally starving to death. She writes: "My stomach was so weak from useless drugs that I could not eat, and my nerves so wrecked that I could not sleep; and not before I was given up to die was I induced to try Electric Bitters, with the wonderful result that improvement began at once, and a complete cure followed." Best health tonic on earth. 50c. Guaranteed by all druggists.

Inhuman Charges on Father.

Columbus, Ga., Sept. 8.—S. Scotti, a Greek restaurant keeper, of Girard, Ala., was arrested in Columbus on two warrants, charging him with having revolting relation with his little 13-year-old daughter. One of the warrants charges incest and the other charges him with having carnal knowledge of his daughter. Scotti was taken to the Russell county jail at 7 o'clock Thursday afternoon. He came to this community from Montgomery some time ago.

At The Tent Theater Last Night.

If the Park Dramatic Co. has ever given us a more pleasing performance than Tennessee's Pardner as presented last night we do not recall it. It contains all the elements of a popular success—the comedy, pathos and sensational, being happily combined and the actors brought out all the points.

Tonight the dramatization of that most popular novel, Dora Thorne.

The merits of this piece need no better guarantee than the fact that five companies played it last season. The same will be sent out again this fall and it is now being translated into French for the Comedie Francias in Paris. New and appropriate scenery are provided.—Valdosta Daily Times.

The C. W. Park Dramatic Company will arrive here this afternoon at 3 o'clock on the A. C. L. R. R., opening here Monday night with Tennesee's Pardner, at East Main St., opposite fire station. Prices, 25, 35 and 50 cents.

Editor Powell of The Lake Butler Star is developing into a humorous paragrapher.

The Pensacola Journal now sparkles with bright paragraphs from the pen of S. B. Ruse, one of the ablest writers in the South.

The Palatka News says there is not now an open saloon between Pensacola and Jacksonville. What's the matter with Quincy and Baldwin?

The Jasper News is now printed on pink paper. Heretofore only one paper in the State has used that color—The East Coast Advocate, published at Titusville.

P. A. Ruhl has been selected as commissioner to look after the Polk county exhibit at the State Fair. "Pete" is a hustler, and if old Polk does not make a good showing at the Fair it will not be his fault.

The commissioners of Hernando county have called a wet and dry election for November 13th. Seems to us the law provides that no such election shall be held within sixty days of any general election.

A horse-race is an interesting event to some, but more of your friends are interested in any event that concerns you. If you go away on a visit or friends come to visit you, see that the fact reaches this office.

Mr. Flagler is still going ahead making a paradise of the east coast of Florida. Summer and winter he is digging and delving and beautifying. What Florida needs just now is a regiment of Flaglers, remarks The Ocala Banner.

When you see a newspaper opposing municipal ownership of public utilities you will generally find, upon investigation, that some corporation supplying lights or water has an interest in that self-same newspaper—and generally it is a controlling interest.

STAR CHAMBER GOVERNMENT

It is certainly to be regretted that Mayor Frecker and the city council have resorted to the star chamber form of government.

The idea that the men who are engaged in the government of any city are compelled to secrete themselves where the people and the press cannot be present, is one that does not appeal at all favorably to the people.

There is an air of exclusion, an aspect of mystery, an appearance of plotting and scheming in the dark that strikes the average man who considers his city government as a part and parcel of his daily life, as wrong and malicious on its face.

This administration has already done and done and unleft undone enough things to eternally condemn all the men associated with it, and a few star chamber sessions will wind up the clock for the "whole push."—Tampa Daily Globe.

By reference to Chapter 5468, Laws of Florida, Acts of 1905, The Globe will find that "all meetings of any City or Town Council or Board of Aldermen of any city or town in the State of Florida shall be held open to the public of any such city or town, and all records and books of any such city or town shall be at all times open to the inspection of any of the citizens thereof." The penalty for violation of this law is a fine of not more than one hundred dollars or imprisoment for not more than two months.

The St. Petersburg Independent remarks that "H. P. Bussey says that the bull bat is the finest mosquito eater known to science, and that millions of the little pests are cleaned out by the bats. Taking this view of the matter, it ought to be made a still more serious offense to kill this bird than it is, and the matter is respectfully referred to the State Board of Health for the recommendation to the Legislature." The State can do much by fostering a public sentiment averse to the slaughter of this friend of man and by drawing attention to the fact that the law provides a heavy penalty for killing them in any season of the year.—Times-Union Short Talks.

The intention of the law requiring the publication of notice in certain cases is to give the widest possible publicity to such notice, yet lawyers are often permitted to have legal advertisements published in papers known to have little circulation. They do this to evade the very intent and purpose of the law, and the officers controlling such advertisements should exercise their authority and make publication in Democratic newspapers having the largest circulation. Especially should this be done in giving notice of intention to apply for tax deeds, the placing of which are absolutely within the control of clerks of the circuit court.

The Palatka Times-Herald refers to Hon. E. S. Matthews, editor of the Starke Telegraph, as follows: "From present indications Hon. E. S. Matthews, the editor, soldier, legislator and progressive citizen of Starke, will preside over the destinies of the House at the 1907 session of the Legislature." Gene, as he is known in Gainesville, served his apprenticeship under the editor of The Sun, and he was industrious, studious and faithful to every trust. Next to Alachua county's candidate for speaker there is not a man in the State the people of Gainesville had rather see wield the gavel during the next session of the Legislature than Eugene Matthews.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

The commissioners of Bradford county have leased the convicts for the ensuing year to P. H. Baker of Campville at $20 per month each. Owing to the scarcity of free labor convicts now bring a larger price than ever before in the history of the State. The writer remembers the time when the State paid C. K. Dutton of Live Oak a stipulated amount to take the convicts and care for them—And he worked them on his turpentine farm the same as men are paying over $200 a year for the privilege of doing now. County convicts were not it demand in those days.

Remember the joint meeting of the County Commissions and the County Fair Association on Tuesday, the 11th, and be on hand. The meeting is called for the purpose of discussing the method to be employed in securing and making an exhibit at the State Fair in November. Something must be done in this direction, and done quick, as the time is rapidly approaching for the holding of this great Exposition.

Probably the City Council is awaiting the amendment of the city charter doing away with the publication of ordinances before they pass the ordinance (which is required by the charter) providing for the auditing of the books of the city officials by an expert accountant. It is a noticeable fact, however, that a majority of the council seem to be opposed to publicity.

DISCRIMINATING LADIES.

Enjoy Using Herpicide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpicide speak of it in the highest terms for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Herpicide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out and later baldness; in killing it, Herpicide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. The Oak Hall baseball team, with a whole lot of enthusiasm and determination, will leave Monday for a week's tour, during which they will play a series of five games, as stated yesterday.

Manager Fowler, in the hands of whom the destinies of the Oak Halls balance, has endeavored to select a winning team. He will accompany the boys, and proposes to encourage them in every way possible.

The following is the line-up, in which there will probably be no change:

H. Bullock, c; G. L. Willis, G. T. Kennard, p; F. Clark, 1b; E. M. Perry, 2b; S. Graham, ss; S. Waller, 3b; E. Clark, lf; L. Carter, cf; R. Thomas, rf.

The people of Gainesville are expecting big things from the Oak Halls during this trip

Men Past Sixty In Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years, and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." J. W. McCollum & Co.

Is Enjoying Herself.

A souvenir postal from Miss Winnie Tucker of Rochelle, the valued correspondent of The Sun who is spending a few weeks in company with her mother, Mrs. J. A. Tucker, in Terre Haute, Indiana, bears information that both herself and mother are enjoying themselves finely.

"I have just received the first number of the dear old Sun since arriving here, and you may feel sure it made me feel good to see that familiar sheet again. Just to think, it's The Sun, and from dear old Alachua," Miss Tucker concludes.

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

Will Beautify Grounds.

A large force is at work engaged in removing the stumps and otherwise clearing and levelling the grounds adjacent to the University buildings, preparatory to the planting of lawns, laying of walks and beautifying the grounds generally. An expert landscape gardner will have supervision of the laying out of these grounds.

General Robert E. Lee

Was the greatest general the world has ever known. Ballard's Snow Liniment is the greatest liniment. Quickly cures all pains. It is within the reach of all. T. H. I am never without it." Sold by W. M. Johnson.

Black Eagle for Kopp.

Berlin, Sept. 8.—Emperor William has decorated Cardinal Kopp with the order of the Black Eagle, the highest Prussian decoration. This is the first time the order has ever been conferred on a Catholic prelate. It is remarked that the relations between the German government and the vatican has grown closer since the situation in France became acute.

ACCIDENTS INCREASING

Fast transportation, poor railroad service, the multiplied diversities of daily life, whether in business or in recreation, and the careless haste and nervous intensity of American character are resulting in a constantly increasing average of accidents, fatal and disabling.

18,296 PEOPLE KILLED AND HURT DURING JANUARY, FEBRUARY AND MARCH.

Washington, July 25.—The railroad accident bulletin which has just been issued by the Interstate Commerce Commission for the three months ending March 31, 1906, shows the total number of casualties to passengers and employes to be 18,296 (1,126 killed and 17,170 injured). This is an increase of 17 in the number of killed and 52 in the number injured over those reported in the preceding three months.

The number of passengers and employes killed in train accidents was 274, as against 320 in the preceding three months, a decrease of 46 in the number killed.

The total number of collisions and derailments was 3,490 (1,921 collisions and 1,569 derailments), of which 289 collisions and 167 derailments affected passenger trains. The damage to cars, engines and roadway by these accidents amounts to $2,924,785.

SERIOUS WRECK OF PACIFIC EXPRESS

Fifteen Passengers Were Seriously Injured—Engine Plunged Into River.

Fishkill Landing, N. Y., July 29.—Pacific Express Train No. 37, of the New York Central and Hudson River Railroad, which left the Grand Central station in New York at 9:32 o'clock tonight, was wrecked shortly before midnight a short distance above Chelsea, and eleven miles below Poughkeepsie, by running into a landslide which had been swept down from a high embankment by a terrific rainstorm this afternoon. The engine of the flyer was thrown from the rails and plunged into the river.

TWO YACHTS CAPSIZED.

Eight Persons Lost Their Lives After Thrilling Experience.

Angleses, N. J., July 29.—Two yachts capsized in Hereford inlet bar off here today and so far as can be ascertained tonight eight persons lost their lives. There were 32 persons on one yacht, of whom seven were lost, and 12 on the other, all but one of whom were saved.

That not more fell victims to the rough sea was due to the heroism of Capt. Ludlam of the Hereford inlet life saving station and a crew of five men. It was at first thought that from 14 to 28 persons had been lost, but after an investigation the coroner tonight stated that he believed only eight were lost.

20 PERSONS KILLED IN SEABOARD WRECK

By Blunder Trains Meet in Terrible Collision—Both Demolished.

Raleigh, N. C., July 24.—A collision between a freight train and a regular passenger train on the Seaboard Air Line Railroad at 8:40 Sunday night, three miles south of Hamlet, resulted in the death of four trainmen and sixteen others, and the injuring of twenty-four.

The bodies of the dead are being prepared for burial at Hamlet and Rockingham, while the injured have been removed to Charlotte and placed in the hospital there. The wreck was due to the failure of the regular passenger train to receive orders at Rockingham.

Having received his commission from the Postoffice Department at Washington, Louis C. Lynch, for many years chief clerk in the United States land office, expects to assume his duties as postmaster, relieving Acting Postmaster Geo. W. Hyde, who has filled that responsible position since the death of Postmaster Arnow a few weeks ago.

Mr. Lynch is a well known and popular young man, and will make not only a competent postmaster, but an accommodating one.

An Ounce of Prevention

Is worth a pound of cure. There are many poor sufferers, consumptives, who are hopeless of getting well—who, if they had taken care of themselves, would now be well. A cough is the foundation of consumption. Ballard's Horehound Syrup will cure that cough. Mrs. S——., Great Falls, Montana, writes: "I have used Ballard's Horehound Syrup in my family for years—my children never suffer with coughs." Sold by W. M. Johnson.

IN THE MAYOR'S COURT.

Young Boys Insisted on Playing Ball and Were Arraigned Before Mayor.

Five boys, Reddy and Cecil Bartley, white, and Tom Jackson, Vidal Mitchell and Booty Blocker, colored, were arraigned before the mayor Saturday morning upon a charge of persistent ball playing, after they had been notified time and again to "cut it out." The young boys were very much agitated as they were lined up in the municipal court, and after a severe lecture by the court were let down easy with the payment of the costs.

Suicide Pact Suspected

Wichita, Kans. Sept. 8—Miss [illegible]ra Bright, aged 18, of Foster, Mo., who shot and killed herself in an apartment house several days ago, left a note which directed that her body and that of Ray Stevens, of Scell City, Mo., should be buried side by side. On the theory that a suicide compact existed between the couple, the county attorney has sworn out an information against Stevens, charging murder in the first degree. Stevens is 32 years of age.

The Breath of Life.

It's a significant fact that the strongest animal of its size, the gorilla, also has the largest lungs. Powerful lungs means powerful creatures. How to keep the breathing organs right should be man's chiefest study. Like thousands of others, Mrs. Ora A. Stephens of Port Williams, O., has learned how to do this. She writes: "Three bottles of Dr. King's New Discovery stopped my cough of two years and cured me of what my friends thought consumption. O, it's grand for throat and lung troubles." Guaranteed by all druggists. Price 50c and $1.00. Trial bottle free.

Letter to L. A. Jernigan, Gainesville, Fla.

Dear Sir: You know, diamonds don't go by size. So with paint.

We make paint, one gallon of which goes as far as two of another and lasts twice as long; that's four to one.

You know it is true in diamonds; they don't go by the gallon, do they?

If you're going to paint your house, you go first to your painter and say: "I'm going to paint; do you want the job? and what'll it cost?

If he happens to know, he'll say; "Depends on the paint. I can do it for somewhere about $100 or $200, whichever you like; $100 will make a good job; $200 a poor one."

And you, if you happen to have your wits, 'll say: "I'll take the good one, when'll you do it?"

Painters ought, all, to know about paint; and jewelers ought to be able to get a good job. We do what we can to help both.

One gallon Devoe is better than two of average paint, goes as far—that is, your house will take about 20 gallons Devoe and 40 of average paint—and Devoe will wear a long time; the life of average paint is very uncertain, it may be a year, it may be five.

Why is it that painters don't know about paint? Do jewelers know about diamonds? They know more than they tell sometimes. There are painters and painters; so there are jewelers; so there is paint, and the least-gallons paint is Devoe. Yours truly,

S F. W. DEVOE & CO

Boy Was Killed While Hunting.

Cedartown Ga., Sept. 8.—Arthur Owens, of this city, was accidentally killed, while bird hunting near this city. Owens and a young man named Felton were hunting birds in the pasture of Mr. R. H. Jones, and in some manner the gun of Felton was accidentally discharged, the load entering the face of young Owens and horribly tearing off one side of the boy's face. Owens was about 13 years of age and Felton, whose gun was discharged, was near the same age.
